DESIGN LAB TOPIC: EMERGING LEADERS

Who's at the table?

Key questions to move this topic:

1. How do we leverage existing leadership tools & resources to develop new leaders?
2. How do we identify the needs of emerging leaders & provide them with the tools to match?
3. Assemble stakeholders to help uncover collective resources & needs to include in the issue.
4. Make the strategic plan as current as possible to help define the needs that can be addressed.
5. Address current issues to help define the needs that can be addressed.

One key takeaway:

This is an important topic for all members & we can be the facilitator.
